30.01: FINDINGS.

The Osakis City Council hereby finds as follows:

- A. Exterior signs have a substantial impact on the character and quality of the environment.
- B. Signs provide an important medium through which individuals may convey a variety of messages.
- C. Signs can create traffic hazards, aesthetic concerns and detriments to property values, thereby threatening the public health, safety and welfare.
- D. The City's zoning regulations include the regulation of signs in an effort to provide adequate means of expression and to promote the economic viability of the business community, while protecting the City and its citizens from a proliferation of signs of a type, size, location and character that would adversely impact upon the aesthetics of the community and threaten the health, safety and welfare of the community.
- E. The regulation of the physical characteristics of signs within the City has had a positive impact on traffic safety and the appearance of the community.
- F. The City recognizes the interdependence of land values and aesthetics and can provide through this Ordinance a method by which the City may implement this interdependence to the benefit of its constituents

30.02: PURPOSE AND INTENT.

It is not the purpose or intent of this Ordinance to regulate the message displayed on any sign; nor is it the purpose or intent of this Ordinance to regulate any building design or any display not defined as a sign, or any sign which cannot be viewed from outside a building. The purpose and intent of this Ordinance is to:

- A. Regulate the number, location, size, type, illumination and other physical characteristics of signs within the City in order to promote the public health, safety and welfare.
- B. Establish standards which permit property owners the opportunity to identify and advertise themselves, goods, or services; to preserve and protect the value of land, buildings and landscapes and promote the attractiveness of the community; to ensure that signs in the City are not a safety hazard to lives and/or property; to eliminate confusion in locating goods, services and facilities, and to preserve order and to encourage business to erect permanent signs and

discourage temporary and/or portable signs.

- C. Improve the visual appearance of the City while providing for effective means of communication, consistent with constitutional guarantees and the City's goals of public safety and aesthetics.
- D. Provide for fair and consistent enforcement of the sign regulations set forth herein under the zoning authority of the City.

30.03: EFFECT.

A sign may be erected, mounted, displayed or maintained in the City if it is in conformance with the provisions of this Ordinance. The effect of this Ordinance, as more specifically set forth herein, is to:

- A. Allow a variety of sign types in commercial zones, and a more limited variety of signs in other zones, subject to the standards set forth in this Ordinance.
- B. Allow certain small, unobtrusive signs incidental to the principal use of a site in all zones when in compliance with the requirements of this Ordinance.
- C. Prohibit signs whose location, size, type, illumination or other physical characteristics negatively affect the environment and where the communication can be accomplished by means having a lesser impact on the environment and the public health, safety and welfare.
- D. Provide for the enforcement of the provisions of this Ordinance.

30.04: APPLICABILITY.

- A. Sign Permit Required: To ensure compliance with the regulations of this Ordinance, a sign permit shall be required in order to apply, erect, move, alter, reconstruct, or repair any permanent or temporary sign, except signs that are exempt from permits enumerated in Section 28.10 of this Chapter for sign permit application and processing requirements.
- B. Sign Standards: The sign standards provided in this Section are intended to apply to signs in each zoning district in the City. Only signs authorized by this Ordinance shall be allowed.

30.05: SEVERABILITY.

If any section, subsection, sentence, clause, or phrase of this Ordinance is for any reason held to be invalid, such invalidity shall not affect the validity or enforceability of the remaining portions of this Ordinance. The City Council hereby declares that it would have adopted the Sign Ordinance in each section, subsection, sentence, or phrase thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, or phrases be declared invalid.

30.06: SUBSTITUTION CLAUSE.

The owner of any sign which is otherwise allowed by this Ordinance may substitute non-commercial speech in lieu of any other commercial speech or non-commercial speech. This substitution of copy may be made without any additional approval or permitting. The purpose of this provision is to prevent any inadvertent favoring of commercial speech over non-commercial speech.

30.07: DEFINITIONS.

The following words and phrases, when used in this Ordinance, shall have the following meanings, unless the context clearly indicates otherwise:

Abandoned Sign: Any sign and/or its supporting sign structure which remains without a message or whose display surface remains blank for a period of one (1) year or more, or any sign which pertains to a time, event or purpose which no longer applies, shall be deemed to have been abandoned. Signs applicable to a business temporarily suspended because of a change in ownership or management of such business shall not be deemed abandoned unless the property remains vacant for a period of one (1)

year or more. Any sign remaining after demolition of the principal structure shall be deemed to be abandoned. Signs which are present because of being legally established nonconforming signs or signs which have required a special use permit or a variance shall also be subject to the definition of abandoned sign.

Awning: A shelter projecting from and supported by the exterior wall of a building constructed of non-rigid materials on a supporting framework (compare "marquee").

Awning Sign: A building sign or graphic printed on or in some fashion attached directly to the awning material.

Balloon Sign: A temporary sign consisting of a bag made of lightweight material supported by helium, hot, or pressurized air which is greater than twenty-four (24) inches in diameter. A simple helium balloon is not considered as balloon sign.

Bench Sign: A sign located on any part of the surface of a bench or seat.

Billboard Sign: A sign which advertises an establishment, service, merchandise, use, entertainment, activity, produce or message which is not conducted, sold, produced, manufactured or furnished upon the parcel or lot where the sign is located.

Building Sign: Any sign attached to or supported primarily by any Building.

Canopy: A roof-like cover, often of fabric, plastic, metal, or glass on a support, which provides shelter over a doorway, unlike an awning which extends generally the length of a wall.

Canopy Sign: A building sign that is part of or attached to a canopy, made of fabric, plastic, or structural protective cover over a door or entrance. A canopy sign is not a marquee.

Changeable Copy Sign: A sign or portion thereof with characters, letters, or illustrations that can be changed or rearranged without altering the face or the surface of the sign. This excludes electronic variable message signs and are distinguished by the fact that they must be changed manually.

City Identification Sign: A sign placed at a point of entry to the City of Osakis for the purpose of informing a person that they are entering the City.

Commercial Speech: Speech on a sign that advertises a product or service for profit or for a business purpose.

Community Organization: Means a group of persons organized for the advancement of activities of a civic cultural or recreational nature and which activities are not conducted for monetary profit.

Community Promotion Sign: A sign which solicits support for or advertises a civic event, community use, social institutions, or public use. Such signs may include, but shall not be limited to, seasonal holidays, school activities, community programs and activities or location of places or events of community or tourist interest and may include business advertising provided that the same shall constitute not more than 15% of the sign.

Construction Sign: A sign temporarily placed on a construction site identifying the project, and/or owner, developer, prime contractor, subcontractor, lender, architect, and may include other information regarding the project.

Development Sign: Any sign located at the entrance to a residential development or subdivision, for the purpose of identifying the subdivision.

Elevation: The view of the side, front, or rear of a given structure(s).

Elevation Area: The area of all walls that face any lot line.

Erect, Erected: Activity of constructing, building, raising, assembling, placing, affixing, attaching, creating, painting, drawing or any other way of bringing into being or establishing.

Flag: Any fabric or similar lightweight material attached at one end of the material, usually to a staff or pole, so as to allow movement of the material by atmospheric changes and which contains distinctive colors, patterns, symbols, emblems, insignia, or other symbolic devices.

Flashing Sign: A directly or indirectly illuminated sign which exhibits changing light or color effect by any means, so as to provide intermittent illumination which includes the illusion of intermittent flashing light by means of animation. Also any mode of lighting which resembles zooming, twinkling, or sparkling.

Freestanding Sign: A permanent or temporary sign which has supporting framework that is placed on, or anchored in, the ground and which is independent from any building or other structure.

Grade: Grade shall be construed to be the average final ground elevation after construction within 50 feet of the sign. Earth mounding criteria for landscaping and screening shall be excluded when calculating the final grade for sign height computation.

Height of Sign: The height of the sign shall be computed as the vertical distance measured from the highest attached component of the sign to either the average grade or the top of the nearest curb of the street on which the sign fronts, whichever is greatest.

Illuminated Sign: Any sign which contains an element designed to emanate artificial light internally or externally.

Informational Sign: A sign with a purpose secondary to the use on the lot on which it is located that provides directives and/or identifying messages strictly for the convenience of the public, including signs which identify rest rooms, waste receptacles, addresses, doorbells, public interest signs or signs indicating the private nature of a road, driveway or premises, signs prohibiting or otherwise controlling hunting or fishing upon particular premises, and signs indicating ownership of a property mailboxes or building entrances.

Interior Sign: A sign which is located within the interior of any building, or within an enclosed lobby or court of any building, and a sign for and located within the inner or outer body, court or entrance of any theater. These signs are not meant to be seen from the exterior of a building.

Kiosk: A freestanding structure with two or more sides used to display community and visitor information, business directories and maps.

Marquee: Any permanent roof-like structure projecting beyond a theater building or extending along and projecting beyond the wall of that building, generally designed and constructed to provide protection from the weather.

Marquee Sign: Any building sign painted, mounted, constructed or attached in any manner, on a marquee.

Memorial Sign: A sign, tablet, or plaque memorializing a person, event, structure or event.

Monument Sign: Any freestanding sign with its sign face mounted on the ground or mounted on a base at least $\frac{3}{4}$ as wide as the sign.

Multiple Tenant Site: Any commercial site which has more than one (1) tenant, either with separate ground level exterior public entrance or shared entrance.

Non-Commercial Speech: Dissemination of messages not classified as Commercial Speech which include, but are not limited to, messages concerning political, religious, social, ideological, public service and informational topics.

Monument

Multi-Tenant

Off-Premise Advertising Sign: A sign which directs the attention of the public to a business, activity conducted, or product sold or offered at a location not on the same lot where such sign is located.

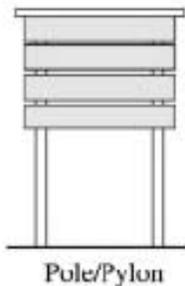

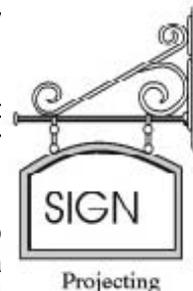

On-Premise Advertising Sign: A sign which identifies or advertises an establishment, person, activity, goods, products or services located on the premises where the sign is installed.

Permanent Sign: A sign constructed of durable materials and intended to exist for the duration of time that the use or occupant is located on the premises.

Pole Sign: See Pylon Sign.

Portable Sign: Any sign which is clearly designed to be transported, including by trailer or on its own wheels, even though the wheels of such sign may be removed and the remaining chassis or support is converted to another sign or attached temporarily or permanently to the ground since this characteristic is based on the design of such a sign.

Projecting Sign: Any sign which is affixed to a building or wall in such a manner that its leading edge extends more than two (2) feet beyond the surface or such building or wall face.

Pylon Sign: Any freestanding sign which has one or two supportive structure(s) anchored in the ground and which has a sign face elevated above ground level by pole(s) or beam(s) and with the area below the sign face open.

Real Estate Sign: A sign indicating that a property or any portion thereof is available for inspection, sale, lease, rent, or directing people to a property, but not including temporary residential development project signs.

Residential District: Any district zoned for residential uses.

Roof: The exterior surface and its supporting structure on the top of a building or structure. The structural make-up of which conforms to the roof structures, roof construction and roof covering sections of the Uniform Building Code.

Right of Way: The entire right of way of any public street or platted or dedicated right of way.

Roof line: The upper-most edge of the roof or in the case of an extended facade or parapet, the upper-most height of said facade.

Roof Sign: Any sign erected and constructed wholly on and above the roof of a building, supported by the roof structure, and extending vertically above the highest portion of the roof.

Roof Sign, Integral: Any building sign erected or constructed as an integral or essentially integral part of a normal roof structure of any design, so that no part of the sign extends vertically above the highest portion of the roof and so that no part of the sign is separated from the rest of the roof by a space of more than six (6) inches.

Rotating Sign: A sign or portion of a sign which turns about on an axis.

Sandwich Board Sign: A temporary sign that is so designed to be self-supporting by design. Often times this sign is of the folding type and when collapsed is flat in nature, therefore “sandwiches” together.

Search Light: Is any apparatus designed to project a beam of light for the purpose of drawing the attention of the public during hours of darkness.

Shimmering Signs: A sign which reflects an oscillating sometimes distorted visual image.

Sign: any letter, word or symbol, poster, picture, statuary, reading matter or graphic presentation in the nature of advertisement, announcement, message or visual communication, whether painted, posted,

printed, affixed or constructed, including all associated brackets, braces, supports, wires and structures, which is displayed for informational or communicative purposes.

Sign Face: The surface of the sign upon, against, or through which the message of the sign is exhibited.

Sign Structure: Any structure including the supports, uprights, bracing and framework which supports or is capable of supporting any sign.

Site: A lot or combination of contiguous lots which are intended, designated, and/or approved to function as an integrated unit.

Stringer: A line of string, rope, cording, or an equivalent to which is attached a number of pennants.

Suspended Sign: Any building sign that is suspended from the underside of a horizontal plane surface and is connected to this surface.

Temporary Sign: Any sign that is used only temporarily and is not permanently mounted which is to be in place for a specified period of time.

Total Site Signage: The maximum permitted combined area of all freestanding and wall identification signs allowed on a specific site.

Video Screen Sign: A sign comprised of a video screen displaying advertising content in animated or motion picture form.

Vehicle Sign: A permanent or temporary sign affixed, painted on, or placed in or upon any parked vehicle, parked trailer, or other parked device capable of being towed, which is displayed in public view such that the primary purpose of said display is to attract the attention of the public, rather than to serve the business of the owner thereof in the manner which is customary for said vehicle.

Visible: Capable of being seen by a person of normal visual acuity (whether legible or not) without visual aid.

Wall: Any structure which defines the exterior boundaries or courts of a building or structure.

Wall Sign: Any building sign attached parallel to, or entirely within two (2) feet of a wall, painted on the wall surface of, or erected and confined within the limits of an outside wall of any building or structure, or displayed on a canopy which is supported by such wall or building.

Window Sign: Any building sign, pictures, symbol, or combination thereof, designed to communicate information about an activity, business, commodity, event, sale, or service, that is painted or placed inside a window or upon the window panes or glass and is visible from the exterior of the window.

30.08: PROHIBITED SIGNS.

The following signs are unauthorized signs and are prohibited by this Ordinance:

- A. Any sign, signal, marking or device which purports to be or is an imitation of or resembles any official traffic control device or railroad sign or signal, or emergency vehicle signal, or which attempts to direct the movement of traffic or which hides from view or interferes with the effectiveness of any official traffic-control device or any railroad sign or signal.
- B. Off-premise Advertising Signs; including Billboards.
- C. Signs painted, attached or in any other manner affixed to trees, rocks, or similar natural surfaces, or attached to public utility poles, bridges, towers, or similar public structures.
