Wessel called the meeting to order at 10:00 AM

PROJECT #489: MAIN LIFT STATION PROJECT

Jason Murray from David Drown Associates reviewed the costs for funding and the debt. Variable to watch is the use of funds for the lawsuit. Murray's estimate for Legal and Engineering costs for 2022 is \$150,000.00.

Our sewer rate now:

Base: \$22.75

Extra 1,000 gal: \$3.25

With a 5% increase the sewer rate would be:

Base: \$23.89

Extra 1,000 gal: \$3.41

Monitoring of Legal and Engineering costs and to keep up with debt and costs the 2023 rate increase would be \$1.25 to \$1.50.

Motion by Backes, seconded by Thornbloom to adjourn at 10:15 AM

Mayor – Daniel J. Wessel

City Clerk/Treasurer – Angela A. Jacobson
