Community Housing Assistance

Program Policy and Application

Program Overview:

One of the primary objectives of the Comprehensive Plan for the City of Osakis is to assure an adequate and affordable housing supply that provides a convenient, safe, and aesthetically appealing living environment. To accomplish this objective the Community Housing Assistance Program will provide an opportunity for the City to address rehabilitation of existing housing stock to attract and retain single-family home owners.

Program Funding:

The City of Osakis proposes to dedicate increment generated in Tax Increment Financing District No. 1-5 to encourage and aid further affordable housing and rehabilitation of existing housing stock within the boundaries of the Municipal Development District. Tax increments generated from the TIF district would *not* be used to subsidize new subdivision costs, but would be reserved to help fund the costs of acquisition and rehabilitation in the Municipal Development District.

Goals for the Program:

The goals for the Community Housing Assistance Program are as follows:

1. Assist with the rehabilitation of substandard properties where rehabilitation is economically feasible.
2. Provide financial assistance for the demolition and replacement of existing homes not suitable for rehabilitation.
3. Eliminate blighting influences that affect area property values.
4. Make land available for affordable new housing opportunities.
5. Attract and retain single-family homeowners to the City of Osakis.

Eligibility for Program funds:

The following eligibility requirements are established for the Community Housing Assistance Program:

1. Property must be located within the boundaries of the Municipal Development District, **in Douglas County**. Preference will be given to properties in the older, single family residential areas of the City. These areas are roughly defined as:

Area #1: Nokomis Street West, south to Pike Street West, between Central Avenue and 7th Street West

Area #2: Nokomis Street West, north to Main Street, residential properties between 1st Avenue West and 4th Avenue West

Area #3: Nokomis Street East, north to Lake Street, between 4th Avenue East and 8th Avenue East

2. Upon granting of TIF assistance, occupants of the benefitting properties must be income eligible. For owner occupied housing, 95% of the units must be initially purchased and occupied by persons whose income is equal to 115% or less of the area median family income. It must be demonstrated that the buyer receives the benefit of tax increment. The initial buyer must intend to occupy the property for a minimum number of 7 years to avoid repayment.

The following chart shows household income limits effective to be eligible for TIF assistance:

<u>Maximum Family Size</u>	<u>Household Income Allowed to Qualify*</u>
1 & 2	\$111,800
3 or More	\$128,570

**Income figures are adjusted annually*
